Dear Congresswoman Bass:

The U.S. Supreme Court failed to act responsibly in its most recent court decision to deny a \$14 Million court settlement as ruled by a jury verdict in lower courts to John Thompson. Mr. John Thompson spent 14 years on death row and was within weeks of being executed because at least four New Orleans City prosecutors had hidden a blood test and other evidence that would have proven Thompson's innocence. (*LA Times article entitled "Supreme Court rejects damages for innocent man who spent 14 years on death row" by David G. Savage, Washington Bureau, March 30, 2011*)

The Job of the Congressman, *"There are cases where an individual has been wrongfully treated by his government and about the only way, unless the individual resorts to court, and even in some cases the courts are not able to give proper relief, the only area or avenue open to the individual is through his representative. When you find a bona fide error has been*

made, I suggest that you make a maximum effort to remedy it. This I feel is a vital and important function of those of us in the House of Representatives”.

Authors: Donald G. Tacheron and Morris Udall, from the book entitled, “The Job of the Congressman”, pages 65 and 66.

(The above excerpt The Job of the Congressman holds true for any elected office holder, and/or U.S. Citizen.)

When the U.S. Supreme Court, or any court jurisdiction fails, then government “checks and balances” mandate that elected officials correct this injustice in behalf of law abiding citizens such as Mr. John Thompson, whose lawful Constitutional rights have been egregiously violated by such a serious atrocity of government.

John Thompson is entitled to and has earned the right to receive the \$14 million court settlement plus any additional amount deemed fair by U.S. Citizens for the additional pain and suffering endured due to this very unjust, truly Un-American U.S. Supreme Court decision.

I'm petitioning you, as a law abiding taxpaying citizen so that you and other elected officials can exercise your authority to:

- Make it possible for John Thompson to receive redress for the damage done to his life.
- Initiate impeachment proceedings to remove Supreme Court Justice Clarence Thomas from the U.S. Supreme Court.

Last but not least, more than any other Supreme Court Justice, Justice Clarence Thomas had a duty to protect the Constitutional rights of U.S. born descendants of slaves.

Sincerely,

Michael L. Lofton
