

STATEMENT, L.A. COUNTY B'D, May 18, 2010

"My name? [Esther M. Lofton](#). I'm a resident of the [2nd district of the county, the toilet](#). That is where electors have finally succeeded in electing as [supervisor](#) the male equivalent of [Marie Antoinette](#). You know, the dame who said, "If they won't [eat cake](#), give them crumbs." She did lose her head.

I'm curious as to what kind of agreement is going to be made today behind closed doors to the alleged breach of contract litigation (**ITEM CS-1**) where multiple deaths were the result of gross incompetence. My supervisor has already called it a "Win, win situation."

In this polluted environment you fret that out of more than [18,000 children in your care you still have 3700 cases](#) of unresolved matters of abuse. You deserve a medal even though these cases may represent many children for my supervisor is sacrificing [all the abuse at King](#) as "...we put the past behind us putting everyone on equal footing."

Where will the CHARTER fit in these closed door deliberations?... the section that states: The County Counsel shall represent and advise the Board of Supervisors and all County township and school district officers, in all matters and questions of law pertaining to their duties, and shall have exclusive control of all civil actions and proceedings in which the county and any officer thereof is concerned or is a party.

I know the leaning of my supervisor here, too, for despite the law a private attorney has been paid to prosecute the [King matter](#) alleging breach of contract. What is [really mind-boggling](#) is how a licensed attorney could place his fortunes

in jeopardy by prosecuting a lie in the American institution established as the repository for truth.

Supervisor Thomas has contempt for his constituents, contempt for the rule of law and contempt for the truth.

Nevertheless, law-abiding citizens of the State of California mandate pursuant ARTICLE I, §28, CC resolution of: (a) the matters of Michael L. Lofton, a [30-year employee of LADWP, terminated minus all retirement benefits](#) where execution and enforcement of the order and judgment in case #895188 is a prerequisite and (b) the matters of [Carl A, Steadman, Jr.](#) an [inner city youth convicted in the municipal courts of Inglewood and Culver City in order to cover-up lies on an affidavit made by two deputy sheriffs of the County of Los Angeles.](#)”
